

# ADVANCE your starter program

**Earn \$1.00/acre**

toward equipment for your starter program with the **Advance Equipment Program.**

The Advance line of products are designed to enhance root development, early growth and vigor by making nutrients more available to plants. Advance products contain natural organic acids which have multiple active sites that bind with nutrients making them water soluble and readily available. Advance products help in nutrient management programs and mix readily with starter fertilizers to fit any starter program.

Ready to use formulation containing Advance and a clean, low salt 6-24-6 solution with a prescribed micronutrient package. Great fit for tobacco and peanut nutritional programs.

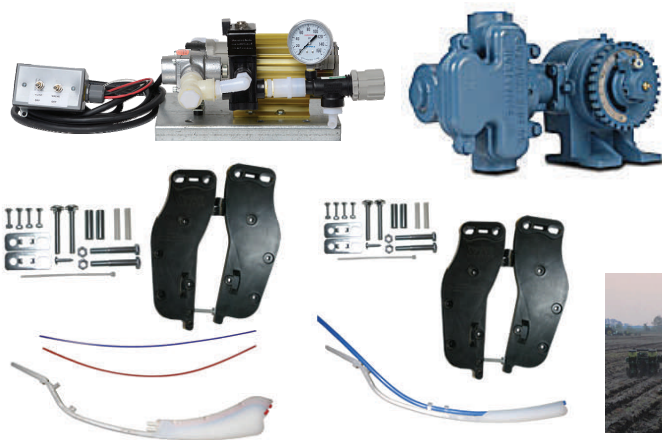

Active ingredient in all Advance formulations containing a proprietary blend of natural carboxylic acids that enhance solubility, availability and uptake of plant nutrients.

Combines the nutritional advantages of Advance Concentrate with the power of LCO Promoter Technology<sup>®</sup>

Use any Advance product and receive \$1.00 per acre back towards the purchase of any in-furrow, 2 x 2, or other starter fertilizer equipment. See reverse side for details.

**Improve early growth and vigor and push yields higher in  
Corn, tobacco, peanuts, cotton, and soybeans.**

Contact your Coastal AgroBusiness sales representative for more information on how to Advance your starter program.
