

STACKFOLD PLANTERS

Coastal's Stackfold Planters are the heaviest built planters on the market offering customizable features such as bulk fill or box seed delivery and row spacings for narrow, wide, or twin configurations. Customers have the option to build their planter for high speed planting with industry leading technology such as Ag Leader®, Precision Planting®, and Yetter™. Customizable row cleaner, closing wheel, fertilizer placement, and control options allow you to build your planter to meet your specific needs.
